OFFICE OF PETITIONS

Dear Sir:

The above-identified application became abandoned for failure to file a timely and proper reply to a Notice of Allowance issued by the US Patent and Trademark Office. The original notice was never received by the Applicant, having been sent to an earlier and no longer valid address, after applicant believed that the correspondence address had been properly updated. Applicant became aware of the original notice, on August 16, 2004, only after the original period for response had already lapsed, when the Examiner contacted the below listed attorney, inquiring as to the present status of the application.

The original due date for attending to the payment of the issue fee was June 18, 2004. Consequently, the date of abandonment is believed to be June 19, 2004, the day after the expiration date of the period set for reply in the Office notice.

APPLICANT HEREBY PETITIONS FOR REVIVAL OF THIS APPLICATION

09/23/2004 WABDELR1 00000002 502117 09108463

In support of a grantable petition, the following items are included: (1) authorization to charge the petition fee to the deposit account of Motorola; (2) a reply to the outstanding notice in the form of a Fee Transmittal, which similarly authorizes the Issue Fee to be charged to the deposit account of Motorola; and (3) a statement that the entire delay was unintentional. No terminal disclaimer is believed to be due as the utility patent application was filed after June 8, 1995.

In support of the present petition a petition fee in the amount of \$1330 is believed to be due. In addition to the petition fee, an issue fee in the amount of \$1330 is also believed to be due. As noted above, the applicants' representative would request and authorize that the total fee of \$2660 be charged to Motorola's deposit account, 50-2117. The Commissioner is further authorized to charge any additional fees deemed to be necessary in connection with the proper handling and consideration of the present petition, including any fees to cover a deficiency associated with any underpayment, or credit any overpayments to the deposit account.

The undersigned hereby attests, that: the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

Respectfully submitted,
